## O. E. S.

Grayling O. E. S. had their regular meeting on Wednesday, December 6th. About fifty members were present.

At this time our thoughts and prayers are with Sister Shaw and her family in their great loss, also to the sick members who were not able to be with us.

We were advised that the School of Instruction was to be on December 22nd, but as several officers will not be able to attend at that time it was suggested that we request a later date.

As this was to be our annual Christmas party each member brought a gift to exchange and placed it beside a beautifully decorated tree. To add to the festive gaiety of the occasion the members were given partners and escorted to the table to partake of the most delicious refreshments. A lovely birthday cake graced the center of the table and all joined in singing birthday greetings to the following members: Mrs. Nellie McNeven, Mrs. Ruth Caid, Mrs. Myrtle Corwin, Mrs. Doris Souders, Mrs. Evelyn Thompson, Mrs. Letha Leng and Mrs. Daisy Norris.

Later in the evening gifts were exchanged. We owe this most enjoyable party to the committees who worked so hard to make it such a success. There were several substitutes because of illness. Mrs. Ellen Gierke acted as chairman of the refreshment committee, taking the place of Mrs. Margaret Haugh. She was assisted by Mrs. Isa Russell, Mrs. Cecilia Granger, Mrs. Mae Erkes, Mrs. Hattie Rasmussen, and substitute for Mrs. Elsie Larson was Mrs. Carl Larson. Entertainment committee consisted of Mrs. Helma Post and Mrs. Beatrice Tobbin.

## Aliens In U. S. Must Register

Attorney General J. Howard McGrath today directed attention to the requirements of the Alien Registration Act of 1940 as amended by the Internal Security Act of 1950.

The Attorney General said that under the amended law any alien residing in the United States on January 1, 1951, except one lawfully here in temporary status, must notify the Commissioner of the Immigration and Naturalization Service, Washington, D. C., of his current address within ten days thereafter and during the same period in each succeeding year.

A. R. Mackey, Acting Commissioner of Immigration and Naturalization, cautioned all aliens that failure to comply with these provisions of the law will subject them to prosecution. Mr. Mackey also said that an address report card (known as Form I-53) should be used in making the required reports, and that Alien Registration numbers should be printed on the forms. Form I-53 may be obtained at any Immigration and Naturalization Service Office or any United States Post Office.

## Woman's Club

Members of the Woman's Club and their guests spent a very pleasant afternoon, Monday, December 11, at a Silver Tea at Shoppens Inn.

Mrs. Thomas Cassidy, Mrs. Holger Schmidt, Mrs. Bertha Peterson and Mrs. Ernest Hoelzel presided at the tea table which was decorated in the Yuletide motif.

Hostesses for the tea were Mrs. John Peterson, Mrs. Les Welch, Mrs. Conrad Knibbs and Mrs. William Joseph.

The tea committee wishes to thank the ladies who donated the cookies and the coffee.

Members are reminded to bring a gift of clothing for a child at the next meeting to be held at Mrs. J. F. Cooks, December 18.

Arrangements for the affair are being made by George Quinn and George Morrison. Harold "Spike" MacNeven, owner of the alleys, is donating their use on Sunday during the tournament in order that a larger amount of money may be realized to cover the expenses of the Christmas party for the kiddies of Crawford County. Anyone interested in bowling in the tournament should contact either Morrison or Quinn.

## Capture Three Bandits Here

Acting on tips from Grayling citizens and businessmen, Sheriff William F. Golnick captured three young men wanted in Wyandotte and Detroit on robbery armed, breaking and entering and auto theft charges.

The three young men who gave as their names Franklin D. Patton, 17, Alfred Haas, 17, and George Oliver DeNard, 17, all of Wyandotte, were exchanging rolls of silver money for paper currency and then attempting to change the currency into others of higher denomination. They had tried this system in two local business places and had paid a local tourist home for two weeks in advance on a cabin saying they were here looking for work. One had work done at a local beauty parlor, where he had aroused suspicion. They had also purchased a used car from a local dealer.

Sheriff Golnick acting on the tips given him on the young trio who were well-dressed and seemed to have lots of money, arrested them on suspicion. A check with State Police showed they were not wanted for any crime by them but Detroit and Wyandotte police replied with the robbery armed, breaking and entering and auto theft charges. Lis. Earl Hooks and Roy Easton of the Wyandotte police came to Grayling to pick up the young bandits and return them for trial there.

## Vikings Meet Traverse City St. Francis Here Friday

### Set Family Price Of \$1 For All

The Grayling Vikings filled one open date on their basketball schedule and will meet a strong St. Francis quintet from Traverse City in the local gym Friday evening.

An innovation in admission charge was also announced by Coach Bruce Smith. A "family price" has been set at \$1.00 for all as maximum. Regular admission prices are 50c for adults and 25c for children. But mother, dad and all the kiddies can go to the Viking games for \$1.00 for the entire family regardless of how many. This it is hoped will increase the size of the crowd and increase interest in basketball in Grayling, Coach Smith said.

A good game is in prospect for Friday night as the Traverse City team is reported to be a good outfit with an outstanding center who has height and is a good shot from the pivot spot, Coach Smith added.

Although the Vikings dropped their opening home game to Kalkaska last Friday night, they gained a moral victory as the Kalkaska team is considered a sure thing for the conference championship and had expected to win by a margin as high as 30 points over the supposedly hapless Grayling Vikings.

Kalkaska grabbed a 10 to 7 lead over Grayling by the end of the first quarter, but also had found out that they had a real battle on their hands as the Viking battled all the way. By halftime, Grayling had cut the Kalkaska lead to 2 points, 19 to 17. By the end of the third quarter the Grayling Vikings had worked out in front 31 to 29 and held a narrow one point lead up to about three minutes to go when the referees called a ball out of bounds and a jump ball as the same time. While Grayling lined up for a jump, a Kalkaska player took the ball out of bounds and relayed it to another who was right under the Viking basket. The resulting "free" shot put Kalkaska out in front by one point and gave them the game.

In the last ten seconds Grayling got two tip in shot attempts, both missed with one rolling around the rim in a tantalizing fashion.

The Vikings, however, can blame their loss on a very poor showing at the foul line as they scored on only 9 out of an attempted 29 free throws while the victors cashed in on 16 out of 30 shots.

Forward Jim Burch with 17 points paced the Vikings with Duane Worden adding 9, Jim McClain 8, Hank Feldhauser 4 and Peewee Larson 3. Tinker with 11, Chickens 10 and Potes with 9 led the Kalkaska quintet.

Coach Smith used 10 boys as the Grayling reserves rolled to their second straight win, 38 to 33. As they built up a good lead, Coach Smith substituted freely to give the younger players a chance to gain experience. Grayling led at the end of the first quarter 8 to 5 and at halftime 19 to 9. The end of the third quarter saw the victors out in front 31 to 23.

Delbert Joslyn with 12 points paced Grayling with Johnny Niederer adding 9, Dale Kenyon 8, Marvin Bielski 6, Ron Larson 1, Roger Kessler 1 and Larry Pond 1. Lewis, Kalkaska forward with 8 points led the losers.

Grayling's next game is with Fairview there on December 19. Then follows the Christmas tournament here with Mancelona, Roscommon, Kalkaska and Grayling vying in two day, four game series.

Tonight at the High School in the interest of the Grayling Athletic Fund will take place two basketball games that are both strictly for laughs. "Blackout" basketball featuring two squads of the Grayling Independents will take the first place starting at 7:30 P. M. This game will be played in total darkness with the outline of the floor, backboards, rims and players showing in a luminous glow. The second game features a team of Kiwanians facing a team of Grayling teachers in a Bloomer Girls versus the Gay Nineties attraction. Admission to both games is 50c for all over 7 years of age.

## Fire Destroys Down River Home

## Moms Present Projector To Gaylord Sanatorium

On October 23, 1948 Moms of America held a tag day in Gaylord and Frederic for the purpose of raising money to buy a portable movie-sound projector and screen in behalf of the veterans who were patients at the Northern Michigan TB Sanatorium near Gaylord. Moving pictures were shown in the wards and rooms of bed patients who cannot attend the shows in the auditorium. It is, of course, for the use of all the patients, some who have not seen a movie in several years.

Those who took part in the initial fund raising were Mrs. Grace Chaffee and Mrs. Alma Bachman, both Moms, the Class of '51 of the Gaylord High School. Mr. C. O. Reed offered the use of the 35mm. of the Otisgo County Herald Times for headquarters and Mr. Edward Strolle looked after the money. The Frederic Moms president was Mrs. Elmer Corsaut and she had the help of the Moms membership and their families.

Although nearly two hundred dollars was cleared it was not enough to purchase the projector and so the Moms Units throughout the state came to the rescue with the result that in 1950 a Bell and Howell machine was purchased for the sum of three hundred and forty-two dollars. A screen was purchased for eighteen dollars.

Following is the program that took place December 9, when the equipment was presented to the sanatorium:

Address and introduction of guests Mrs. Elmer Chaffee Remarks Mayor Edward G. Strolle Introduction of State Officers and presentation of address.

Mrs. Mae Jones, state pres. Dr. Joseph Eggle, Med Supt. Acceptance for Veterans

Irwin Noack Message from Governor Williams solo "God Bless America" Mrs. June Taylor, Grayling Benediction Dr. L. M. Isaacs, Gaylord Congregational Church.

## George Worthey Dies Of Heart Condition

George E. Worthey 55, of Horseshoe Lake south of Waters, passed away Monday at Mercy Hospital of a heart condition after several years of ill health.

Funeral services were to be held at 2 P. M. Friday from Michelson Memorial Church with Rev. R. C. Puffer officiating. Interment will be at Elmwood Cemetery Mausoleum here. Serving as pallbearers will be Amos Winger, Arthur Howe, William Lenz, John Turner, Rev. Luke Hall and Russell Vallad. Special music will be given by Mrs. C. G. Clippert, organist and Mrs. June Taylor, soloist.

Mr. Worthey was born on August 12, 1895 at Highgreen, Sheffield, England, and spent his first twenty-eight years in that country. Coming to America with his wife and two children in March, 1923, he settled in St. Clair Shores, where he built a home. He later sold the home and moved his family to Richmond where he entered the road contracting business. In 1932, during the depths of the depression he moved his family to Horseshoe Lake, where he proceeded to rebuild his way.

In 1939 he had a severe case of coronary thrombosis but struggled back to enjoy a limited amount of health. He sold his resort on the lake in 1944 and engaged in the lumbering business until his failing health made it imperative that he have more rest.

Returning from Florida in April of last year he suffered a severe attack of angina pectoris from which he never recovered. Repeated attacks during the summer and fall increased in intensity until he was removed to Grayling Mercy Hospital on November 25 and placed in an oxygen tent.

Surviving besides the widow are two daughters, Mrs. Harry E. McEvers of Grayling and Mrs. Marius Rogalle of Horseshoe Lake; four grandchildren, Derek E. George, Patricia L. and Michael McEvers; one sister, Mary, of England, who will be remembered by many who met her while she visited her brother here prior to World War II.

## Driving Safety - The Safe Highway

Major General Philip B. Fleming, General Chairman of the President's Highway Safety Conference, recently cast a new light on the problem of driving safely when he said, "I wonder how many of us realize that safety on the highway is directly conditioned by safety of the highway?"

"In raising that question I am not referring merely to the surface conditions of our streets and roads. I have in mind a much broader frame of reference, one which involves the integrity of our whole system."

"Under the impact of today's traffic volumes and the load weights we are forced to make increasingly rapid replacements, while at the same time traffic congestion, with its attendant hazards, forces us to provide more ample and much costlier facilities, including expressways and divided highways."

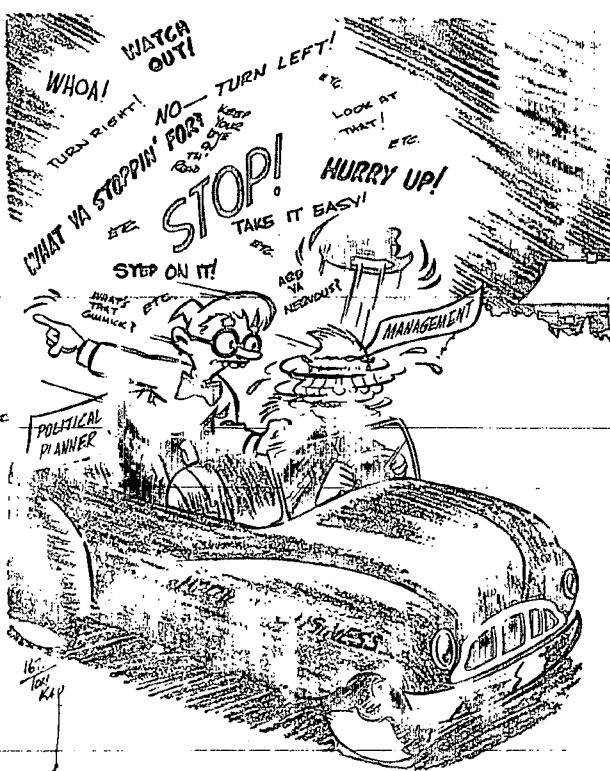

"One resultant is a serious financial problem. We have an estimated minimum need of \$4,500,000,000 per year and the visible revenue is not much more than \$3,000,000,000."

"Obviously money that is spent for highway maintenance limits the amount available for improved and safer facilities."

General Fleming then went into a discussion of the immense increases in the loads our roads must carry, due to the growth in both size and number of commercial trucks. He found that excessive axle weights on our highways are about 30 times as frequent as they were two decades ago! The present-day truck-and-trailer units can be fairly compared to railroad boxcars. The great difference is that the railroads' cars run on tracks they built with private money—not on roads everyone must pay for.

It's time every state seriously considered the fact that "safety on the highway is directly conditioned by safety of the highway."

A large number of cases of

whooping cough have been reported in the Grayling area. Whooping cough is one of the most serious diseases in Michigan and one of the leading causes of death in children under two years of age. Any children suffering from whooping cough should consult their family physician, as new and effective treatment is available for whooping cough, which not only brings it under quick control, but shortens the duration of illness and practically eliminates complications.

### State Achieves Best Forest Fire Record

Michigan has achieved her best forest fire record in history. Reaching a milestone in the annals of state forest fire history, Conservation Department Forest Fire Chief Milton M. Bergman, announces 839 fires blackened only 5,390 acres in the 33-week, 1950 forest fire danger period. This is nearly 50 percent less fires and about 75 percent fewer acres burned than last year. The 1949 toll was 21,108 acres by 1,624 fires.

The 1950 record shatters the best previous mark reached by a considerable margin. That year was 1941 when 10,463 acres were burned by 1,604 fires.

Bergman points out "the 1950 record is in marked contrast to several thousand fires which gutted over 2,000,000 acres in 1871," the first year records were out. He says the meager notes on fires prior to 1871 "indicate thousands of blazes annually and millions of acres under fire." Many, he adds, were land-clearing

### SHORT STORY

#### Narrow Escape

By Richard Hill Wilkinson

"JUD'S ONLY going to be here a couple of weeks," Connie said. "And after all, he's my brother Tom's guest and it's up to me to help entertain him. You understand, don't you, Marc?" "Sure," said Marc, not looking at her. "Sure, I understand. You go ahead and be nice to him, Connie. I understand all right." Which was true, bitterly true. Marc had begun to understand two days after Jud Morrison had landed at the Norberts' for a fortnight's visit. Jud was big and handsome and had a way with him. In college he had been quite a rage. Tom Norbert, his roommate, had raved about him before he arrived, but even Connie hadn't expected such a splendid specimen of manhood as Jud proved to be. A roadster stopped before the house and Jud came bounding up

fires which got out of control. With due respect for the part weather can play in holding down losses, Bergman says co-operation of the public and industry, efficient fire-fighting crews and up-to-the-minute equipment are the important factors to be stressed. Many Michigan newspapers printed special supplements and almost all continually kept the fire problem before the public this year. Newspaper and radio stations co-operation this year was on a scale never approached in Michigan before, according to Bergman.

"Matching the 1950 record next year will be tough but not impossible," Bergman allows.

Causes and costs of 1950 fires now are being checked. Brush burners and smokers were responsible for over three-fourths of the acreage damaged in 1949. Actual suppression costs totaled \$69,243 last year.

Nathaniel Hawthorne enjoyed no success as a writer until he was 45 years old.

### HOW DID SUNDAY GET INTO THE CHRISTIAN CHURCH?

Since Sunday is not the SABBATH, who changed the day?

Jesus? Apostles? Who?

Hear this startling fact!

Friday, December 15, Grayling Grange Hall

Monday, December 18, Frederic Town Hall, 7:45 P. M.

the walk. "Hi, Connie," he grinned. "All set for our round of golf?" Then he saw Marc standing on the porch beside Connie. "Hello there, Marc. How about joining us?" Marc smiled and shook his head. "Thanks," he said. "I've got a tennis date. See you two tonight."

If, he reflected, he could only get Jud out of his element perhaps the college hero wouldn't show up so well.

Several nights later at the country club dance Marc got Connie alone and suggested a fishing trip for the next day. "We can take Jud along," he explained. "It'll be something new in his experience and probably he'll get a bang out of it."

Connie, who liked fishing herself, thought it was a grand idea.

And so the three of them drove up to Beaver Lake the next day. In the afternoon they put on their waders and fished.

Connie elected to show Jud how to rig his line and cast, and watching them Marc knew a feeling of frustration. He had planned to somehow get Jud to follow him into the rapids where the going was treacherous and where only one experienced in such things could navigate without losing his foothold. He had a vague idea of rescuing Jud from the swirling torrents, thereby establishing Jud's weakness in Connie's mind and his own prowess.

SUDDENLY HE KNEW that he was helpless. There was nothing he could do about the thing that was happening between Jud and Connie. The feeling that he had toward Jud was not one of condemnation, but envy. If Jud were trying to steal Connie away, he was doing so unwittingly. Any one but a fool could tell he wasn't aware of any understanding existing between the girl and Marc. And so Marc abandoned his scheme for revenge.

"And, besides, I'm satisfied with the man I have—a man who's big enough to be kind to a man like Jud Morrison."

They returned home the next day, and the day after that Marc made a business trip to Belknap. When he got back, Judson Morrison was gone. Marc didn't call Connie. Tomorrow or the day after he was leaving on a month's journey upstate. He didn't want to see Connie before he left. It would hurt too much.

But he did see her. Connie came over that night and found him sitting alone on the porch. "Hello," she said, "where in the world have you been?" "Away on business. Unexpected." "Well, I should think so." She came close to him and sat down. "Jud left this morning. He asked me to say goodbye to you." "Jud's a good egg," Marc said. "Too good," said Connie. "Goodness, I'd hate to be married to a man like that."

"You would?" said Marc, astonished, "why?" "Why? Why, because—I would be too self-sufficient." She laughed. "And besides, I'm satisfied with the man I have—a man who's big enough to be kind to a man like Jud Morrison."

Abruptly he laughed, and when, puzzled, she asked him what was funny, he shook his head. "There's nothing really funny," he said. "I was just thinking about a close call I once had—how near I came to making a fool of myself—and what a relief it is to know I escaped."

#### Lovells Home Extension Club News

Six members of the Lovells Home Extension Club braved the wintry elements and bad roads Dec. 7th to meet at the home of Mrs. Louise Haefta in Lovells. After a delicious lunch the ladies discussed ways and means of assisting Mrs. Harold Johnson with her grand group of 4-H girls. It was decided to have a party for them in January as there were so many activities planned for the Holiday season. At this party the initiation of Officers of 4-H will take place.

A discussion to hold an open meeting and Chinese Auction inviting the public was held over till next meeting. Gifts were exchanged between the ladies.

The next meeting will be January 11th at the home of Lucille Mumron. Co-hostesses will be Virginia Nixon, Marie Duby and Harriet Steckling.

Mrs. Pete Eggesberger tendered her resignation as Vice-Chairman at this time, they are moving to Hazel Park. We all are sorry to see Irene go as she has been so helpful in Club activities and hope the time will be short when she will return to Lovells and

rejoin us.

Meeting adjourned at 3:30 with a request that as many as possible attend the Jan. meeting when we expect to have information from Co-Leader Mrs. Vance as to projects we may choose from for the coming year. Every one have their New Years resolution ready.

#### December Most Deadly Traffic Month In Year

December, the gayest month of all, is also the deadliest.

This is the warning given by Sergeant William Irish, commander of the Houghton Lake post of the Michigan State Police, in a plea to pedestrians and drivers to be especially careful during the holiday season. Pointing out that police agencies throughout the state are now carrying on a holiday traffic safety campaign, Sergeant Irish said:

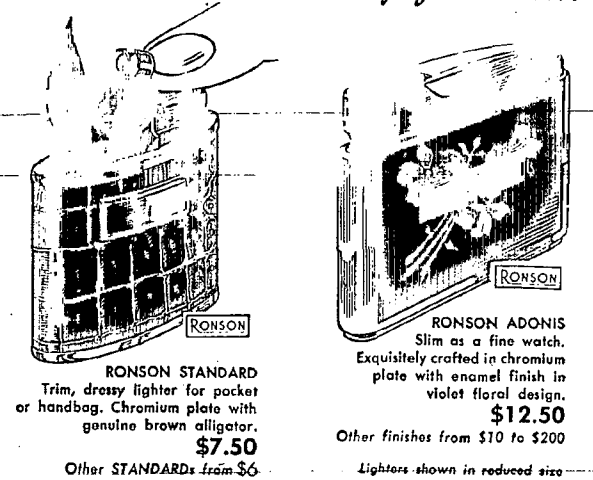

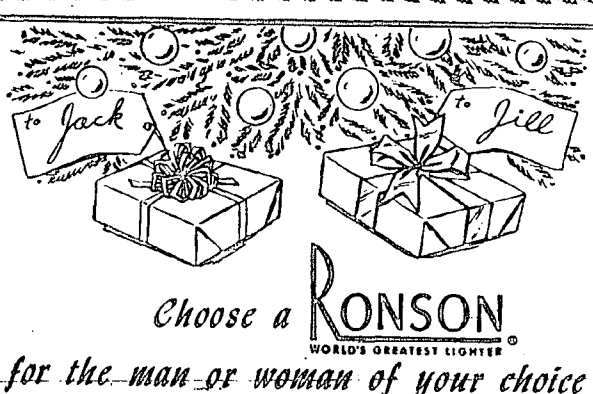

"Traffic records show that the death toll in December is the heaviest of the year. Since 1945 more than 750 persons have been killed in December traffic accidents on Michigan streets and highways, and of these nearly 300 were pedestrians.

"Christmas shopping and other holiday activities bring more people out of doors. Added to this are longer periods of darkness, unfavorable weather conditions and an added tendency towards carelessness because we're thinking of other things.

"Don't spoil your Christmas and bring sorrow into your home because of a traffic accident. This season is supposed to be the happiest of the year. Keep it that way by walking and driving safely."

Michigan State Medical Society

## Benzedrine Experimentation

Twelve years ago, the drug  
known as amphetamine—or popu-  
larly as benzedrine—first came to  
the attention of medical scientists  
when it was used to rouse victims  
of narcolepsy, a condition in which  
the victim falls into short spells of  
deep sleep.

Quite by accident, it was discov-  
ered that patients using benzedrine  
were losing weight and a group of  
researchers from the Northwest-  
ern University Medical School un-  
dertook to find out why. Among the  
questions they sought to answer  
were: Did the drug reduce weight  
by increasing activity of the user?  
Did it have a dehydrating effect?  
Was it a stepping up of basal  
metabolism, causing more calories  
to be "burned" even while the pa-  
tient was inactive? Or did it re-  
duce the appetite?

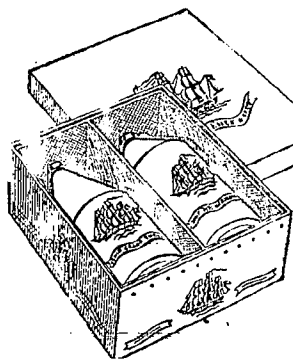

The experimenters conducted a  
year-long study and came up with  
the answer that benzedrine simply  
makes both humans and dogs eat  
less.

Their experiments included serv-  
ing 5,600 meals to human volun-  
teers and 4,000 to dogs, both with  
and without benzedrine. The human  
volunteers were given whatever  
they wanted to eat, including fat-  
tening desserts and rich foods. But  
even with this temptation, the  
volunteers decreased their appetites  
while taking benzedrine, and  
even lost as much as ten pounds.  
Those who were fat were the first  
to shed poundage.

The dogs reacted even more  
amazingly. Given heavy doses of  
the drug, the dogs left their food  
untouched even after they had  
crowded around the trays trying to  
be the first to be served.  
Subsequent tests revealed that  
benzedrine does not affect the phys-  
ical state of hunger as shown by  
stomach contractions, but rather,  
affects the psychological side of ap-  
petite. It acts on the brain by lim-  
iting the desire for food, but the  
experimenters have yet to know  
how much. They still insist the  
best way to reduce is to avoid over-  
eating.

The human heart contracts

## NOBEL PRIZE WINNER

Professor Thaddeus Reichstein, Swiss chemist, shares this year's Nobel prize for physiology and medicine with two American doctors, Dr. Philip Hench and Dr. Edward Kendall of the famed Mayo clinic in Rochester, Minn.

by 1,350 hunters as compared to 362 deer bagged by 1,536 hunters in 1949. Bow hunters in their earlier season on the island had what is considered rather phenomenal success. Over 22 percent or 27 of the 121 archers got deer compared to over 23 percent of the gun hunters.

More consistent was the report of less hunting pressure in the Upper Peninsula, than in the Northern Lower Peninsula Game men estimate that the deer kill above the Straits will not be less—at least at good as last year. The kill was considered about the same in the Newberry district, average to slightly better in the Marquette and Crystal Falls districts, and down in the Baraga district.

First meager roundup information from the relatively light-hunted and deer-populated southern third of the state suggests an average to slightly larger take. The 1949 computed take was 960 deer. Tracking snow may have lured a few more out than the 14,000 recorded last season. Allegan, Barry, Livingston and Tuscola counties appear to have been most successful.

## See Record Deer Kill

A slightly smaller hunting army but the possibility of the highest bag on record is the Conservation Department preliminary summary of the 1950 general deer season.

If hunter report cards and license returns bear this out, it would mean a few less hunters than the record 384,652 in the field with guns last season and a somewhat higher kill than the record 111,006 bucks shot in the 1949 season. Department officials had no comment as to how much effect military service demands and factory workers' difficulty in getting away had on hunting army size.

The department urges the hunter to send in his report stub, attached to the deer license, before it is mislaid. Card is wanted whether the hunter was successful or not.

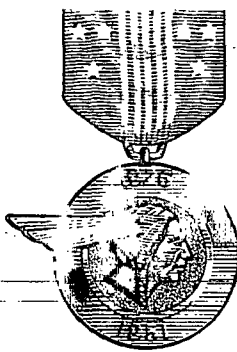

In spite of some miserable weather in the 16-day season, average hunting conditions prevailed early in the season when most hunters were out and most deer were killed. Main exceptions were the western end of the Upper Peninsula and the eight-county Baldwin district where

severe snows and the other elements cut down hunting pressure.

Consensus among district game men in the northern Lower Peninsula, region with the largest annual deer kill, is that the harvest is "up" in the region. Some speculate it could be the highest take on record. Except for the seven-county Traverse City district, all districts in the region noted a high percentage of spike-horns. This suggests a good carry-over of fawns following the 1949-50 mild winter.

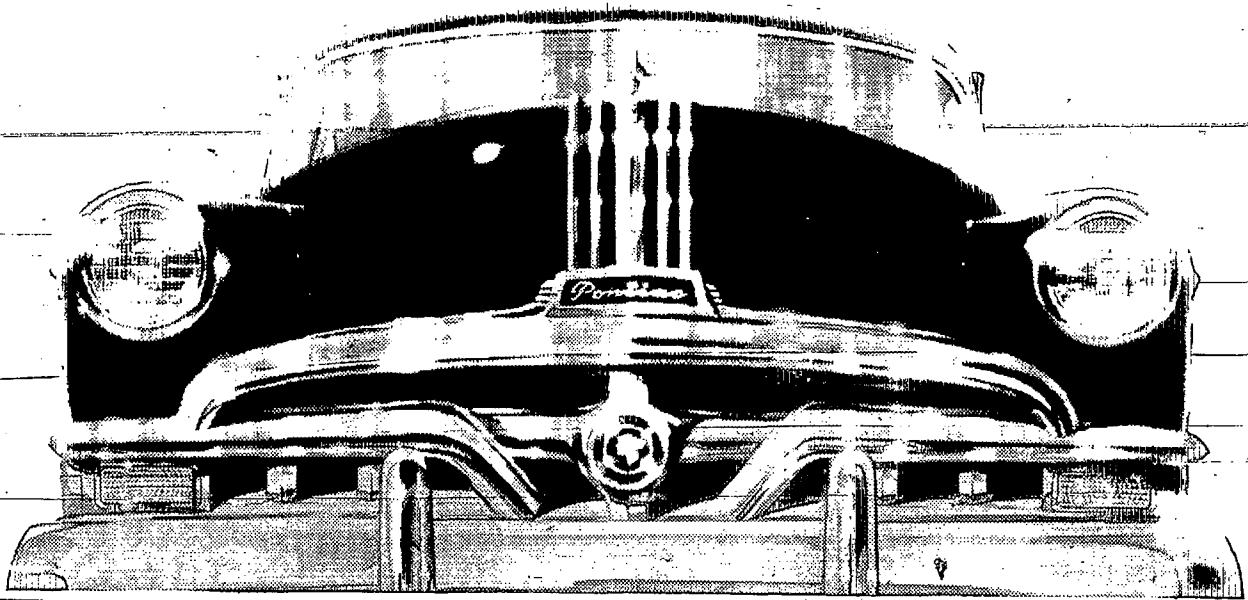

At the Rifle River checking station, game men recorded 40 bucks shot against 36 in 1949. However, hunters advised seeing about 10 per cent more does and fawns in the 4,300-acre station hunting area. The five-year average on bucks taken here is 44, but 18 per cent fewer hunting days were spent in getting 40 bucks this season.

At one other location where a positive check is possible, Drummond Island, the hunting pressure was down but the success ratio remained the same as last season. A total of 317 deer were taken
